State of Ohio FY 2024 Health Plan Options

For the benefit period that runs from July 1, 2023 through June 30, 2024, the State of Ohio offers a choice of three health benefits plans. Review the details about each plan to learn more so you can choose the plan that's right for you.

Ohio Med PPO

With this option, you pay a higher premium, but have a lower deductible. After meeting your deductible, medical services will either be covered in full, or with coinsurance.

Ohio Med Narrow Network

This plan offers the MedFlex™ network with no out-of-network coverage (except for emergencies). You'll enjoy the same in-network coverage as the Ohio Med PPO plan, but you'll pay slightly lower premiums than the PPO plan. The Ohio Med Narrow Network plan may be the right choice for you if your doctor is already in the plan's network or you're open to finding a new provider.

Ohio Med HDHP

With this option, you pay a lower premium, but have a higher deductible. This means you pay more out-of-pocket before the health plan begins to cover costs, except for certain preventive services.

With the Ohio Med HDHP, you pay 100% of the discounted charges for services, prescription drugs and other qualified health expenses until you meet your deductible.

To help you plan for and pay the higher deductible, the HDHP allows you to open a Health Savings Account (HSA) through Optum Bank. With an HSA, you can put money in a special bank account through pre-tax payroll deductions. You can then use this money to pay for qualified healthcare expenses as defined by the IRS. These expenses include deductibles and any coinsurance amounts. In addition, you don't pay any taxes on money you use to pay for qualified health expenses.

To help you get started, the State of Ohio will make a contribution to your HSA of up to \$1,000 for a single plan and \$2,000 for a family plan*.

*Contribution for plan year July 1, 2023 to June 30, 2024. For questions regarding your contribution, see your payroll officer or call Employee Benefits Customer Service at 1-800-409-1205, Option 2.

2023–2024 Benefit Updates

The State of Ohio offers a choice of three health benefits plans for you to choose the plan that is best for you. This year, we are excited to add updated benefits to make those plans an even better fit.

Infertility Services

Fertility services, including office visits, imaging, labs and the fertility procedures themselves, are covered up to a lifetime maximum of \$20,000.

Orthotics

Orthotics no longer require a diabetes diagnosis. Adults 18 years and older are eligible for one pair every rolling 36 months, while children under the age of 18 are eligible for one pair every year.

Hearing Aids

Hearing aids are covered for all diagnoses with a limit of one new or replacement aid every rolling 36 months. There is no dollar limit or lifetime maximum. Over-the-counter devices are excluded.

Skin Cancer Screenings

One preventive or diagnostic skin cancer screening (per benefit period) will be covered for you at 100%.

Nutritional Counseling

Nutritional counseling visits for eligible members have been increased to six visits per benefit period, with visits to network providers covered at 100%. Visits to non-network providers will be covered at 60%.

Maternity and NICU

All maternity and NICU stays will continue to be covered at 100%.

Spend Less on Your Healthcare

Understanding your health coverage can save you time and money. Use these tips and programs to reduce your out-of-pocket costs and get the most out of your coverage.

Know What's Covered

Understand what your plan covers before you receive care or schedule a procedure. Review your benefit book or call a Customer Care Specialist for help.

Stay in Network

Use doctors, hospitals and other healthcare providers in your plan's network. In-network providers often offer lower or discounted rates, which means more money stays in your pocket.

Find a Provider and Get an Estimate

Do you need a doctor or specialist? Use the Find a Provider and My Care Compare tools on StateofOhio.MedMutual.com to find the care you need and compare the cost and quality of medical services.

Clinical Centers of Excellence

Medical Mutual's Clinical Centers of Excellence network aims to address the high costs of complex care while improving quality for those in need of specialty care and procedures, such as bariatric (weight loss) surgery, cardiac care, knee and hip replacements, spine surgery, and transplants. We recognize select doctors and hospitals for the safe, effective care they provide to their patients. Each provider must meet rigorous standards and achieve overall quality measures for patient safety and outcomes, developed with input from the medical community.

Choosing a Clinical Center of Excellence could mean faster recovery times, fewer complications, and peace of mind now and in the future.

Members in the Ohio Med PPO and HDHP plans can visit StateofOhio.MedMutual.com to find designated providers.*

24-Hour Nurse Line

Talk with a trained and experienced registered nurse who can answer your questions or advise if additional care is needed. It's available 24/7 at no charge to members. Just call 1-888-912-0636 and have your member ID ready.

Telehealth Virtual Visits

Get 24/7 access to a board-certified physician from the comfort of your own home using your smartphone or computer. Wait times to speak to a doctor are usually less than ten minutes.

Urgent Care

Using an urgent care facility or convenience clinic instead of an emergency room for minor injuries and illnesses can save you a significant amount of time and money each year. Visit StateofOhio.MedMutual.com/Emergency for more information.

*Not available in the Ohio Med Narrow Network plan.

Download our Free Mobile App

Use the MedMutual mobile app to view your claims, check your deductible and out-of-pocket spending, find a doctor, and more.

Forgot your member ID card at home? Don't worry. You can email or fax it to your provider right from your smartphone.

You'll find the MedMutual mobile app in the Apple App Store® and Google Play™
